### **Reynaud Calls** For New Moves To Avert Crisis

Far Reaching Financial And Trade Program Sought For U. S., Britain, France

WANTS U. S. TO BUY MORE FROM EUROPE

By KINGSBURY SMITH Suropean General Manager, I. N. S. PARIS, July 6.—Former French Premier and Foreign Minister Paul Reynaud called on the U.S., British and French governments today to adopt an eight-point, far reaching financial and trade program to avert a "grave economic crisis."

Reynaud outlined his program Reynaud outlined his program in an interview with International News Service after he dined last night with U. S. Secretary of the Treasury John W. Snyder.

The proposal forms the basis of Snyder's talks with British and French officials, and is generally believed to be supported by Eropech Finance Minister Maurice

French Finance Minister Maurice Petsche, who once was Reynaud's finance under-secretary.

Three Billion Investments
Reynaud called for three billion
dollars worth of private investments from the United States, and
urged that U. S. "trade barriers"
be lowered before the end of the Marshall Plan in 1952.

He said that unless it is made easier for Americans to import Eu-

ropean goods, Europe's doors will be closed to American products. Reynaud declared: "Measures such as those I have

Sir Stafford Cripps Lays Down Program Of "Restraint And Restriction"

#### ACHESON PLEDGES U. S. COOPERATION

By CHARLES A. SMITH

LONDON, July 6.—Sir Stafford Cripps announced today that British dollar reserves have dropped 376 million dollars below the safety level, and he outlined a stiff new program of "restraint and restriction" for austerity-tired Britain.

Cripps called for immediate measures to reduce dollar expenditures and indicated that the belts of British wage-earners probably will have to be tightened further still.

The chancellor of the exchequer called for a halt to wage increases, more exports and higher produc-tive efficiency as additional parts of a continuing "austerity" program which he said is necessary to

### Farm Belt Philosopher

MANHATTAN. Kansas—Kansas grows philosophers almost as successfully as it grows wheat and buffalo grass. Dr. Milton S. Eisenhower, president of Kansas State College, is quietly rising to national stature out here in the same land which produced "Wild Bill" Hickok, Carrie Nation, Ed Howe and William Allen White—all of whom were Kansan

philosophers of sorts.

Milton, your gest and most earnest of the vigorous Eisenhower Milton, yourgest and most earnest of the vigorous Eisenhower brothers, is an educator by choice and talent, although he spent 16 years in the Agriculture Department under Coolidge, Hoover and Roosevelt. His form of philosophizing is a far cry from "Wild Bill's" six-shooter and Mr. White's folksy indignations. Perhaps that is because the man of action and the man of letters are both has-beens. Dr. Eisenhower believes that only education can save us from the welfare state and World War Idl. Here in the days of the Tru Deal and the atom bomb, he seems to any only knowledge can keep us free. he seems to say, only knowledge can keep us free.

Administrator Of Education

He is a stocky, cordial, intense man. He is an administrator of education, not a scholar or even a student of traditional learning. He dislikes poetry, he says, because of its "chicanery"—the tricks of language and imagery which seem to obscure the meaning. That same dislike carries into his political judgments. The sentimenatalities of the welfare state are not his meat. Neither are the bright dream-schemes of World Endaglists and other specific of the sentimenation. of World Federalists and other apostles of global government. He be-lieves in trying to accomplish the possible and the provable. He is

the philosopher of common sense.

So if his philosophy has limits, it also has soundness. As president of a land grant college since 1943, he takes the view that public education is not intended primarily to teach people to make money. If that were education's main purpose, students should pay their own way. But the taxpayers' dollar for education is well spent if it helps create better citizens and thereby improves the workings of Democracy. By following this line of thought, Eisenhower has worked a quiet revolution on the grassy limestone campus agre. A student may specialize in almost the grassy, limestone campus here. A student may specialize in almost anything from scientific farming to television management, but not without taking four-year courses in various aspects of American and world citizenship. Nobody graduates from Kansas State without being exposed to the facts of political, economic, social and scientific life, as we know it today.

Nothing Provincial About Him

There is nothing isolationist or provincial about this modern Kansas philosopher. He is convinced that the international struggle today is for the mastery of men's minds. This accounts for his activity in UNESCO-The United Nations Educational, Social and Cultural Organization. As first chairman of the national UNESCO commission, Eisenhower brought the movement back to Kansas grassroots. Using his college and his state as a seed-bed, he set up local councils or commissions. His campus is an active cell of international goodwill. Several counties and communities are now exchanging students, books, newspapers and ideas with towns and schools abroad. different nationalities represented in the student body at Kansas State. The Eisenhower philosophy is that the Western Democracies can win the present peace by spreading education, but that we must surely lose the next peace in which so much more of the world will lie in ruins and

He is not an easy philosopher to understand. The old simplicities of former Kansas thinkers, are gone from our age. A baffled columnist once referred to Eisenhower as a New Deal Republican. This infuriated him. It semed to cancel out the things he'd been trying to say in some 300 speeches over the past several years. Yet how can he be politically defined?

He is, like the midland state he hails from, a centralized personality. He is as far from the political Right and Left as his campus is from the Atlantic and Pacific coasts. Yet, again like Kansas, he is not neutral and not negative in politics. He is (that very rare bird) a genuine middle-roader. He believes that all progress is made by traveling

down the center. This may not be understood in Washington, but it is both understood and appreciated in Kansas. The Republicans of this one-party state look upon Eisenhower as the man to fill the next opening in the Senate or the governorship. Yes, but Jim Yount, State Secretary of the CIO, says Eisenhower is just the man to crack the one-party hold and

So far Eisenhower isn't listening to either side. Neither a noise-maker nor a phrase-maker, he is spreading his ideas slowly. But he is making these ideas stick.

At sometime or other, every child runs into situations that he finds hard to understand. Parents and other grown-ups with whom he is in daily contact are friendly But the park attendant, the woman next door, or some other adult is ham and Hannah Holler, held at 'mean" or grouchy

The youngster's natural tendency will be to think of such individ-uals as "bad" people. He will be frightened or angry or otherwise upset emotionally. In most in-stances he will feel that he is dis-Miss Holler was named presi-Mr. and Mrs. H. E. King and ons, Jerry and Gene, Mrs. Leonora

Parents can do a good deal by helping him understand that some people don't know children very don't know how to talk to them. Parents can point out that the grouchy individual may not be feeling well or that he may have been teased by other children. It's also a good idea to explain one's own behavior so that youngsters can learn that even parents

have their ups and downs. The mother who tells her child, "You'd returned after spending a few days in Chicago. better watch your step with me to-day, I was up very late last night and I'm likely to get more easily upset than usual" is helping him learn some important realities of human behavior.

Expect To Have Two-Way Car Radio System Completed In Several Weeks

Pennsylvania Power company will erect a huge antenna pole Thursday morning in preparation for the installation of its car radio

An 80 foot pole will be erected on the Patton farm on the Harlansburg road, about three miles outside the city. The antenna will be attached to the top of the pole. Installation of the telephones

in the automobiles and trucks of the company is under way and the system is expected to be in working order in several weeks.

About 32 two way radios are ex-pected to be installed in the company's vechicles-mostly trucks. They will be controlled from the company's Cedar street sub-station. Installation of the New Castle

Zoning Law Amended Unanimously With Slight Objection By District Residents

OTHER EVENTS

day to ammend a zoning law and thus permit building of the New Castle Packing company plant at

Mahoning avenue.

According to a zoning law passed in 1925, the prospective plant site is in a heavy industrial district but abbatoirs and stockyards were prohibited in the area.

Council investigated the location and considering the rigid standards imposed on meat packing plants by state and federal law, deemed that no incoveniences would be caused by the \$250,000 plant

The ordinance was passed unan-

Jordan Bailey, 1127 North Lib erty street, presented an informal petition objecting to the building of the plant. The mayor advised the objectors that the project was there are twelve vacancies for high for the benefit of the community and that Mr. Bailey and his fellow- gram for the month of July.

Several citizens were present to testify in behalf of the plant but their testimony was not necessary.

Fix Salary Council also passed an ordinance fixing the monthly compensation of the mercantile lax assessor and

collector. Prior to the ordinance the as sessor received a small salary plus a commission

The ordinance more clearly defines the duties of the assessor and fixes his salary at a straight \$125 per month.

To Visit Premises
Paul Sallmen of 30 South Front street appeared before council and asked that some changes be made at the Front street entrance to his property so that he may have safe access. Council agreed to visit the premises and see what changes

Register Zoning Laws

Assistant City Solicitor Robert Jamison advised council that according to a state law passed May 14, all zoning laws would be void in six months from that date if they were not registered at the recorder's office.

Council moved that the legal department see that the city zoning laws are so registered.

**Buy Mower** 

The Health department requested that the city purchase a 1-5 horsepower mower-weedcutter at a cost of approximately \$425. A motion to authorize the purchase was passed without objection.

City Clerk Aaway

City Clerk Jack Fritz is on vaca-tion and the mayor's secretary, Mrs. Edna Riemold is capably filling her annual task as substitute for the clerk.

Receipts for the month of June in the Engineering department of the city totaled \$572.71. The police department collected \$1,430.85. City dog-catcher Jack Young reports that he disposed of 43 dogs during the month.

Suit Will Be Contested Says His Wife, Former Anna Roosevelt

PHOENIX, Ariz., July 6 .- (INS) -The divorce suit filed in Phoenix by ex-Publisher John Boettiger will be contested by his wife, the former Anna Roosevelt, daughter

of the late president.

Mrs. Boettiger said last night
she has not yet been served with divorce papers, "but as soon as I am, my attorney will file a cross-complaint."

Her husband filed his suit yesterday, charging his wife with mental cruelty. His brief claimed Mrs. Boettiger caused him mental anguish and "impaired his men-tal and physical health."

She declared any kind of a family breakup is a "sad affair" and that she is sorry it happened.

Mrs. Boettiger said she will seek custody of her son, John Jr.

The couple met during Boettiger's career as a White House correspondent for the Chicago Tribune. He is the ex-publisher of the Seattle Processing will seek the scene, but on arrival found that the dog had been killed by an employe of the traction company.

# Good Buy around

FRIENDS gather, look over that long bonnet and wish they had as much Fireball life as you have here.

They size up the broad windshield and narrow corner posts - and don't have to be told how these things step up "see-power."

They appraise the smart styling, the roomy interiors, the usability of luggage space - and agree you've made a buy.

But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner.

Show them, for instance, how completely different Dynaflow Drivet is, with every mile cushioned by flowing oil and none of the rigid harshness of directdrive cars.

Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and lowpressure tires made still easier-riding by extra-wide rims.

Point out how solid this Buick feels. That's what you get from husky trames, low-swung weight, and

power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates. On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer - and get that order in promptly!"

### Joe Karakul Faces Barons Here Tonight

rests the task tonight of snapping the New Castle Nats out of a pro-tracted five-game losing streak. Karakul seeks his third win as he faces the Uniontown Coal Barons at 8 o'clock at Flaherty Memorial

Manager Billy Mongiello used Billy Allen at second-base last night. Allen joined the team at Erie Tuesday. Reed Maier was shifted to third base, and Tony Mirande took over at short, in an

Hope For Victory The Nats hope to get started tonight against the seventh place Barons. The Nats have not won a single game since the second-half started. If Karakul can "break the ice" tonight the boys may get started on a winning streak that could carry them up in the second-

'We're not exactly in a batting slump, we just don't seem to hit with men on base, we had nine hits last night in Erie, and left 11 stranded," Mongiello stated today.

Uniontown will be here for another single game Thursday. New Castle moves to Oil City for two games Friday and Saturday, with the

# Ezzard Charles Will Fight Gus Lesnevich August 10th

NEW YORK, July 6 .- The long NEW YORK, July 6.—The long delayed answer to the question of Hole-In-One whether Gus Lesnevich can whip Ezzard Charles will be forthcoming at Yankee Stadium on Aug. 10.

The argument never ended when Gus was light heavyweight champion because the Jersey veteran steadfastly refused to have any part of Charles. They will do it now for the Cincinnati Negro's National Boying Association become tional Boxing Association heavyweight title.

Charles Should Win

a diet of big ones.
As a matter of fact he has been stopped by Lee Oma and beaten by Bruce Woodcock while belting out a few others. Morever, he can't even whip light heavyweights any At Castle Hills

Nick Dalch of Lowellville, O., playing at the Castle Hills course Sunday, July 3, joined the exclusive "Hole-in-One" club with an ace on the No. 11 141-yard hole on the back nine.

Playing with Dalch as he made his now famous shot were fellow Lowellvilleians Tom Caldwell, Ed Copploa and Joe DeMarsh. It is doubtful just who was the most excited about the hole-inone, Dalch or his companions.

Dalch, undismayed by good fortune, had a very pleasing 41 for the nine holes, it was reported by Manager Larry Gramling.

### Red Sox End Losing Streak, Down Yanks

By LES CONKLIN

NEW YORK, July 6 .- The Boston Red Sox were out of manager after an eight-game losing streak that all but gave Marse Joe apoplexy and ruined the team's chances for the American league pennant.

It took two rookies, southpaw Maurice McDermott and outfielder Tom O'Brien, to turn the trick last night against the Yankees, their most persistent tormentors. 20-year-old McDermott held New York to four hits in gaining his Brooklyn

third win as against one defeat.
O'Brien's homer, his first of the year, cracked a 2 to 2 tie in the seventh. Boston's Dom DiMaggio added another homer in the eighth added another homer in the eighth chicago for insurance, and also probably saved the game with a sensational catch that robbed Scooter Rizzuto of at least a triple.

The third-place Cleveland Indians, who were pre-season pennant favorites along with the Red Sox, also closed in on the Yankees by walloping Detroit again, 8 to 1. The unpredictable St. Louis Browns, who still always are potentially dangerous although they

have the worst record in either major league, scored six runs in the seventh inning and defeated the Chicago White Sox, 9 to 5. Brooklyn's lead in the National league scramble was trimmed to one game when the Phillies knocked Joe Hatten out of the box and scored six runs in the first inning and went on to trouves the first inning

and went on to trounce the Dod-gers 7 to 2. The second-place St. Louis Cardinals closed in on the Dodgers by nosing out the Chicago Cubs in 10 innings, 2 to 1, with Stan Musial winning the game almost single-handed.

Brent won a North County league game last night from the VFW Post 522 team, 8 to 5.
